No substantive change is evident. The "revised" paragraph on policy represents restriction rather than redirection.

The SAG position re deletion of a paragraph was discussed with the C/SAG. He was advised that OS had concurred with the extant version (which included the paragraph at issue) in August 1977. After being assured that no addition was involved and after discussion of the possible impact on efforts to negotiate a CI regulation, the C/SAG withdrew his suggestion.

9. The official return is "no comment" across the board. Recommend we close to Registry. We do not have to respond to RCD on an info item.
